

GREEN ROOM

- Bottled water requested
- Tea, coffee, and peanut protein bars are welcome, but not expected
- If alcohol is offered, the boys are happy with pale ales and whiskey of any kind. Dani prefers white wine or rosé.
- We often ask if the venue or green room are dog-friendly? We typically travel with a well-behaved lab mix named River. She can stay in the van conversion if needed, but we do like to bring her into the green room when possible.

DIETARY RESTRICTIONS

- No almonds or pork for Dani
- Alex doesn't love avocados
- We try to eat healthy if we can, but are not picky

LODGING

- We travel in a van conversion that sleeps the three of us. A safe place to park, use the restrooms, and shower is often welcome.
- If lodging is offered, we require one full or queen bed (Nick and Dani are married), and one twin or full bed for Alex.
